

Since 1982, we at So Cal Aquatic Life Service have been providing the Southern California area with a wide range of professional services and products specifically designed to enhance the enjoyment and success of keeping water features and living aquatic pets in homes and offices. We are not a pool service or landscape maintenance company, etc. We ARE water feature professionals who specialize in living aquatic environments. As hobbyists ourselves, we know what your aquatic ecosystem means to you. We have committed ourselves to the finest possible care and management of these water features.

Whether you are in need of regularly scheduled service/maintenance, repair, remodeling, or design, we promise to provide you with unmatched personal service and customer satisfaction. We have accumulated decades of knowledge and experience unsurpassed in our industry. We are reliable and stand behind our work. And our pricing is competitive. We offer customized services and maintenance plans to fit most styles and budgets.
